

Filamenttape

Used as a reinforcement tape for bigger injection joints during the summer to prevent the PVC tape from stretching too much during injection of the resin. Very suitable for bundling of cables, tubes and profiles.

Rasgos

- Polypropylene with glass-fibre filaments
- Reinforced with filaments in longitudinal direction
- Extremely high tensile strength for maximum hold

Especificaciones

Material	polypropylene with glass-fibre filaments
Thickness	0,13mm
Adhesive type	synthetic rubber
Coil	37mm
Adhesion	20 N/25mm
Tensile strength	600 N/25mm
Elongation at break	10%
Colour	transparent
